### FUNDING

Funding is paid in two installments:

Students receive 80% of the total scholarship to the bank account they have declared before they leave (if they submit all their supporting documents at least one month in advance and if the University has already received the funding of the year from the National Agent).

The remaining 20% of the amount is paid upon return and after the necessary documents of the student are submitted and checked at the International Relations Office. More specifically:

If the duration of your traineeship was less based on the Acceptance Letter of your Organization/Institution, there will be offsetting with the remaining 20% of the total amount.

If you do not submit the required documents to the Erasmus Office, we keep the right to request a refund of part or all of the funding you have received, as your full participation in the Program cannot be certified. All the transactions of the University of Thessaly are made via Alpha Bank. Any expenses arising from transactions with the Bank (transfer, currency conversion, remittances, etc.) is student's responsibility.
