***I PISA01: STUDENTS BACKGROUND**

Those students who would like to attend practical lessons scheduled during the 3rd and 4th year of the MA course in Veterinary Medicine are recommended to have already set the exams of Anatomy, General Pathology and Physiology before coming to the University of Pisa, where they will attend subjects such as infectious diseases, food inspection, internal medicine, reproduction, surgery, etc. and set related exams. The same applies to the 5th year, with the addition that they are recommended to have already set the basics exams in infectious diseases, surgery and internal medicine
