

TEMPT is looking for trainees

Erasmus or Leonardo grant holders are welcome!

About TEMPT

TEMPT was established in 2006 in the city of Tallinn in Estonia.

TEMPT is a global company, focused on a sustainable and contemporary lifestyle. Our main areas of activity are architectural projects and product design. We design buildings from large scale public spaces to small private residences as well as products for tomorrow. The priority of TEMPT is to design energy- and time-efficient environmentally friendly buildings.
